Infrastructure

The infrastructure of our college is quite good and provides many facilities to students. Some of the major facilities are:

1. Well-maintained and properly managed classrooms.
2. Various laboratories, including Computer Lab, Chemistry Lab, Physics Lab, Zoology Lab, and Botany Lab.
3. A well-equipped Library containing- **6076 books, 17 journals, and 7 encyclopedias** for academic learning and research.
4. Wi-Fi enabled campus.
5. Sports complex for indoor and outdoor activities.
6. Cafeteria with food and refreshment facilities.
7. Vehicle/transport service for students and staff.
8. Smart and transparent classroom management system.
9. The entire campus is under CCTV surveillance, ensuring safety and security.
10. Ramp facility for easy access and convenience of differently-abled students and visitors.
11. Clean drinking water and hygienic toilet facilities for students and staff.
12. Electricity backup facilities, including inverter and generator systems, to ensure an uninterrupted power supply.

Overall, our college provides a comfortable, secure, inclusive, and student-friendly environment for learning and development.
